# Modul:Convert/data/Doku

**Dies ist die Dokumentationsseite für Modul:Convert/data**

This page defines the conversion data used by Module:Convert. All documentation (from Module:Convert/doc) is at that page.

**Do not manually add units to this page.** First add the unit definitions in Module:Convert/documentation/conversion data. And then update this page by copying the results from Module:Convert/makeunits (those results appear at Module talk:Convert/makeunits).

Any changes should first be tested at Module:Convert/data/sandbox—see Module:Convert/sandbox/testcases.

New units can be manually added at Module:Convert/extra as a temporary measure before being incorporated into this main table.
