

## Modul:Convert/data/Doku

---

### **Dies ist die Dokumentationsseite für [Modul:Convert/data](#)**

This page defines the conversion data used by [Module:Convert](#). All documentation (from [Module:Convert/doc](#)) is at that page.

**Do not manually add units to this page.** First add the unit definitions in [Module:Convert/documentation/conversion data](#). And then update this page by copying the results from [Module:Convert/makeunits](#) (those results appear at [Module talk:Convert/makeunits](#)).

Any changes should first be tested at [Module:Convert/data/sandbox](#)—see [Module:Convert/sandbox/testcases](#).

New units can be manually added at [Module:Convert/extra](#) as a temporary measure before being incorporated into this main table.
