

## Modul:Plain text/Doku

---

### Dies ist die Dokumentationsseite für **Modul:Plain text**

Developed for producing short descriptions from text that may have markup, or other stuff that needs removing from short descriptions.

## Usage

---

### Code

```
'''[[foo|hah]]''' <span style="color:red">is</span> '''[[gah]]''''<nowiki>?</nowiki> →
```

**hah** is *gah*?

### Using modul

```
{{#invoke:Plain text|main|1='''[[foo|hah]]''' <span style="color:red">is</span> /span> '''[[gah]]''''<nowiki>?</nowiki>}} →
```
